

# Cowden the Insurance Brokers

The best of national strength  
with **personalised service**

Cowden Limited opened its first office in Perth, Western Australia in 1972. Since then, through growth and acquisition, we have grown our network to include Adelaide, Melbourne, and Sydney.

Fifty years on, the Cowden Group is one of the largest Australian owned insurance brokers. We are proud of our West Australian heritage and that our head office is still here in WA.

We have expertise in finding insurance solutions for SME, commercial and industrial clients and that is why 95% of our new business comes from referrals.

Cowden The Insurance Brokers, national strength, local knowledge, and personalised service.
